Subject: Falcon - Continuation of the RI
Date: 05/12/2010 02:02 PM

Gloria, I spoke with Carlos this morning concerning the status of the Falcon RI. It is our understanding that you have been discussing the sale of the site with the prospective purchaser and that the sale's proceeds will be used to resume the RI. Since there is no indication of when the sale will be final, we are recommending that we secure the letter of credit and continue the RI with the EPA's contractors. Please call me with when you return to the office so that we can discuss the start of the RI. I will continue with the preparation of the RI/FS SOW for our RACs contractor to continue the RI and am in the process of gathering the necessary documentation to support the SOW.
